“The First Lime”

Koopaboo

Is a typo.
It’s actually “the first line”.

But now that’s the second lime (line).
Lenom line.

She believes in angles.
Tall ones, sharp ones.

Angels too.

She loves one in particular.
One that came in-two her dreams,
with bloo-belles and limes
in his pocket(s).

He loves her.
He loved her.

Was that a typo?
